MAKLUMAT PROGRAM

PROGRAMME INFORMATION

Program Sarjana Sastera (Geografi) bertujuan untuk melahirkan graduan yang kompeten dalam bidang Geografi melalui penguasaan ilmu teras dan pengkhususan dalam Geografi Fizikal, Geografi Manusia, atau Teknologi Geografi. Selain itu, program ini memberikan peluang kepada pelajar untuk memperluaskan pengetahuan menerusi kursus elektif serta menghasilkan penyelidikan yang berkualiti tinggi melalui disertasi (Mod B) atau projek penyelidikan (Mod C). Program ini dirancang bagi memenuhi keperluan akademik dan profesional sejajar dengan perkembangan semasa serta keperluan negara.

The Master of Arts (Geography) programme aims to produce graduates who are proficient in the field of Geography through mastery of core knowledge and specialisations in Physical Geography, Human Geography, or Geography Technology. Additionally, the programme offers students the opportunity to broaden their understanding through elective courses and to undertake high-quality research via a dissertation (Mode B) or a research project (Mode C). This programme is designed to meet academic and professional demands in line with current developments and national needs.
